

## **SAVIOUR**

**Music and Lyrics**

**Bob Farrell and Greg Nelson**

### **IN THE BEGINNING**

**In the beginning was the Word,  
and the Word was with God  
In the beginning was the Word,  
and the Word was God  
In the beginning was the Word,  
and the Word was God**

**His presence fills the universe  
He is the maker of all things  
Who is, Who was, and is to come  
In Him is life, that life is the light of men**

**In the beginning was the Word,  
and the Word was with God  
In the beginning was the Word,  
and the Word was God  
And His life is the light of man  
And His life is the light of man  
And His life is the light**

**Alpha and Omega, the everlasting God  
In the beginning was the Word,  
and the Word was with God  
In the beginning was the Word,  
and the Word was God  
And His life is the light of man  
And His life is the light of man  
And His life is the light  
The light of man**

### **MY HEART BELONGS TO YOU**

**Who will hear the music that I hear  
Who will hear the sound that fills the air  
Who will see a radiant beam of light  
Dancing for a sun that warms a morning sky**

**Who will know the beauty of My earth  
Sense the joy and wonder of its birth**

Who will see the glory of the world that I have made  
And who will walk beside me in the garden  
in the coolness of the day

Creation's glorious song that comes from my heart  
Expresses strains of love but only in part  
I long to say the words, the words that are true  
Someone to hear my heart belongs to you

And who will feel the summer wind  
That moves across the water as it flows  
Who **w**all enjoy the orchestrated mystery  
That soars within My soul  
Who will hear the glory of the music that I hear

I will create man to be in My own image  
Form him from the dust of earth and  
breathe into him  
My own breath of life

Lord, I hear You speak to me  
How lovely are Your words. How beautiful the sound

This wondrous paradise and all that you see  
Could never match the joy when You're here with me  
The message of My song will always be true  
Mi **C**orazon, My heart belongs to you

You will enjoy the orchestrated mystery that soars  
within My soul  
And we can feel the summer wind  
That moves across the water as it flows

This wondrous paradise and all that you see  
Creation's glorious song that comes from my heart  
Could never match the joy when You're here with me  
Expresses strains of love but only in part

The message of our song will always be true  
I long to say those words, the words that are true  
Mi Corazon, My heart belongs to you  
Someone to hear my heart belongs to You

My life. My love. My heart belongs to you

## **WHERE ARE YOU, ADAM?**

The serpent came beguiling  
So tempting his alluring smile, ever inviting  
With crafty words deceived them  
Two innocents believed it all  
And started to fall in a myriad of lies

God's only law was broken  
And now their eyes were opened wide  
The deed had been done so  
God cried, "Where are you, Adam"  
You're so afraid, please tell Me now  
Why did you taste and bring this curse to Paradise?"

With crafty words deceived them  
Two innocents believed it all and started to fall

The serpent came beguiling  
So tempting his alluring smile, ever inviting  
God cried, "Where are you, Adam?"  
You're so afraid, please tell Me now  
Why did you taste and bring this curse to Paradise?'

God cried, "Where are you, Adam?"

## **THE PROMISED LAND**

Bondage, bondage  
Cruel oppression and bondage  
Persecution at Pharaoh's hand

Woe to sons of Israel now slaves in Egypt's land  
Years of misery and bondage  
Suffering under the tyrant's hand

The people's spirit broken  
All hope and freedom gone  
Could heaven even hear their mournful song?

Tears that fell like rain were borne in pain  
From Israel crying out and moved the heart of God

He stretched out His hand, brought forth the man  
To lead them from that place  
He took them for His own

He would deliver them from chains of bondage  
Rescue them with mighty judgements  
Fulfill the promise of their fathers  
Be the God of holy covenant

Born was the spirit in Israel that day  
A nation delivered as Moses had prayed  
Praise to Jehovah and His mighty hand  
Led them from bondage to the Promised Land  
The Promised Land, the Promised Land

Wandering, wandering  
Years of marching and wandering  
Through the desert the people came

Though their Saviour freed them  
They doubted and complained  
Were they to be abandoned in this place?

God was always there with patient care  
He taught them all His ways  
And loved them as His very own

He would proclaim the power of God Almighty  
And dwell with all the chosen people  
In their midst unveil His glory  
Showing them His strength in faithfulness

A pillar of cloud led the children by day  
And a fire in the night as the Lord showed the way  
Tablets of stone held the holy commands  
Law they would live by in the Promised Land

Manna from heaven, water from stone  
Miracle power of the Lord was shown  
God in His glory Whose wonders abound  
Leading His children to higher ground

The Promised Land

Holiness and majesty God revealed for man to see

Onward to Zion the children were led  
Rescued in mercy from suffering and death  
Chosen to follow the Great I Am

**Crossing the Jordan to the Promised Land  
Promised Land, Promised Land**

### **KINGS OF THE EARTH**

**The kings of the earth and the kingdoms built by man  
Rise up in their glory then go back to dust again  
The kings of the earth who rule with might and power  
Will bend their knee to God when time concludes  
its final hour, that day will come**

**The kings of the earth and their power to rule the land  
Was founded by the Lord in His covenant with man  
But the kings of the earth would make their own decree  
They set themselves above their God and His authority  
They mock their God**

**Their empires feed upon the souls of men  
And the lust for power becomes their sacrament  
They rail the people with their cries of peace  
But there is no peace**

**The kings of the earth and the kingdoms built by man  
Rise up in their glory then go back to dust again  
The kings of the earth who rule with might and power  
Will bend their knee to God when time concludes  
its final hour, that day will come**

**Take heart, ye children of the Promise  
For God will not be mocked  
For the Lord will repay, and His Kingdom remains**

**Blessed are His children. blessed are His covenants  
Blessed is his Kingdom and blessed is the name of the Lord  
In power. In glory. His Kingdom  
His Kingdom will come  
Blessed the name of the Lord  
His Promise is now and forever and ever Amen  
Blessed is the name of the Lord  
O, blessed is the name of the Lord**

### **ROSE OF SHARON**

**In fields of white beyond the gate of dreams  
There Sharon's garden lay bathed in sun and streams  
And gently nestled there a flower so full of grace**

**A cherished bloom so fair, takes the breath away**

**The Rose of Sharon, the Rose of Sharon  
The precious Rose of Sharon**

**It grew in spring until its beauty shone  
Until the winter winds blew cold  
This lovely bloom so sweet was taken in its prime  
An act of sacrifice as each petal died**

**The Rose of Sharon, the Rose of Sharon  
The precious Rose of Sharon**

**It was near to the heart, the very heart of God  
He was near to the heart, the very heart of God**

**The Rose of Sharon, the Rose of Sharon  
The precious Rose of Sharon**

**WE NEED A SAVIOUR**

**So long they had waited as a nation  
For a sign of liberation  
Knowing Messiah soon would come  
So sure if they prayed with perseverance  
He would make a swift appearance  
Bringing the power to overcome**

**The people said "We need a Saviour,  
Who'll come in glory and in power  
O, Lord, hear our cry, 'cause You know we  
need Him now"**

**The people said "Send us a strong king,  
A man from God to end our suffering  
O, Lord, hear our cry"**

**Longing for the sweeter taste of freedom  
And the day that they would see Him  
Coming to lead their people on  
Reigning as a conquering avenger  
Watching enemies surrender  
Finding that liberty had come**

**And when He came in His might  
The waiting would know of its worth**

For they would govern with Him  
And rule over all of the earth

The people said, "We need a Saviour,  
Who'll come in glory and in power  
O, Lord, we need Him now, 'cause  
You know we need Him now"

The people said, "Send us a **stong** king,  
A man from God to end our suffering  
O, Lord, hear our **cry**

#### RECITATIVE

Redemption did not come as they expected  
For He came not as a king  
Nor as a thing of beauty that they should desire Him

#### MAN OF SORROWS

Who has believed our message

And to whom has the arm of the Lord been revealed  
He grew up before Him as a tender shoot  
And like a root out of dry ground  
He was man of sorrows

He was despised and rejected by man  
A man who was acquainted with grief  
And as one from whom men hide their faces  
We regarded as one who was stricken by God  
He was a man of sorrows, a man of sorrows

He was pierced for our transgressions  
He was bruised for our iniquities  
By His stripes we are healed

He bore our griefs. He was afflicted  
He was despised, we turned our backs on Him  
A man of sorrows, a man of sorrows

It was God's plan to bruise Him  
That His soul be made an offering for sin  
by the fruit of His suffering He was satisfied  
This Righteous Servant made many righteous  
Oh, precious man of sorrows

For He was pierced for our transgressions  
He was bruised for our iniquities  
By His stripes we are healed

He bore our griefs. He was afflicted  
He was despised, we turned our backs on Him  
A man of sorrows, precious man of sorrows

Rise up and see your Deliverer  
For it is not by might and not by power  
But by the Spirit of the Living God

### CROSS OF LOVE

Blood and sorrow flow  
From the languid brow of Jesus dying  
And tears from heaven's eyes  
Are the anguished drops of a Father crying  
Oh why?

This must be a cross of love  
For God to bruise His only Son  
Jesus, what a sacrifice to reach us  
It had to be a cross of love

Emblem of His pain  
(The people jeered at Him and mocked His holy name)  
O, splintered wood of my transgression  
(For they knew not who He was, nor why it was He came)

I'll never comprehend  
(Some had come to offer help and soothe a mother's pain)  
Of an act so great gave love expression  
(As she watched her wounded son, the comfort never came)  
Oh why?

### SO SHALL WE LIVE

Light of the world with hope fills the sky  
For gone is the power of the darkness  
The tomb that held the Son of God  
Breaks with a cry from heaven  
"He who was dead is risen!  
Up from the grave ascended!  
The reign of death is ended!"

**So shall we live, for His cross has gone before  
Christ has spoken all our freedom  
He's broken all our bondage  
And opened God's heavens to man**

**O, saints rejoice and lift up your voice  
For we bear the wounds of our Saviour  
And just as Christ was crucified  
We who are buried with Him  
Are raised in newness with Him  
We share His resurrection  
Our blessed liberation**

**So shall we live, for His cross has gone before  
Christ has spoken all our freedom  
He's broken all our bondage  
And opened God's heavens  
He's opened God's heavens to man**

**So shall we live, and so shall we reign  
In glory and power  
Now and forever  
So shall we live**

**Blessed is the name of the Lord  
So shall we live  
Blessed is the name of the Lord  
AMEN**

#### **FOR ALL THESE THINGS**

**From ransomed men of tender heart  
Whose souls You taught to sing  
Your children lift their voice to You  
With thanks for all these things**

**From mountain heights and vaulted skies  
Your hand is clearly seen  
We cast our praise with nature's cry  
To God for all these things**

**In that night of wonder and promise  
Night when Christ was born  
God Incarnate came to be with us all**

For promises from age to age  
That caused our hearts to dream  
Purest adoration we impart  
With thanks for all these things

For refuge from the darkening storm  
And rest beneath Your wings  
We worship You with grateful hearts  
Oh, God for all these things

In that day of suffering and sorrow  
Son of heaven died  
God eternal slain for the sins of men

With honor for the risen Lord  
We praise our coming King  
We consecrate our lives to You  
With thanks for all these things  
With thanks for all these things
